

### Rock the Locks

We will be set up at the locks in the parking lot next to the canal. If you're coming up from Peterborough, go across the bridge and turn left at the first real street light you come to. (The bridge is under repair.) Toddle along that road just a squirt past the liquor store to "Bucky the Buckhorn buck". We'll be set up just after the buck on the parking lot. If you're coming over via Bobcaygeon, turn right instead of left. Other than that everything else remains the same.
